April 3, 2009

Robert Mark and Leslie A Mullin
1620 Summit Lake Shore Road NW
Olympia, WA 98502

Dear Mr. and Mrs. Mullin:

We are currently reviewing water right permit #S2-29296 issued to Daniel Sawka with a priority date of September 29, 1995 (see enclosed copy of permit). The permit was subsequently assigned to Jacob Peters on November 16, 2001. According to the county assessor records, you are the current property owner described in this permit.

In our last contact with Mr. Peters, this water right permit was in the Proof of Appropriation phase which means we were trying to determine the amount of water used prior to issuing a Certificate of Water Right. A Certificate of Water Right can only be issued based on full beneficial use of water up to what the permit allows.

Since you are the current owner of the property, we want to give you the opportunity to pursue this project and complete the water right process. In order to do this, there are a few steps you will need to take to bring the permit into good standing.

First, you will need to have the permit assigned to you. If you are unable to locate the previous owner, please fill out the assignment form to the best of your ability,

- Fill out the enclosed *Assignment of Application or Permit to Appropriate or Store Water* form, remember to have the form notarized and return it to Ecology with the \$50.00 assignment fee.

The Assignment form asks if you can meet the development schedule of the permit. If you are not able to, item #4, allows you to request an extension of the development schedule for the same \$50 processing fee.

Second, if you need to request an extension of the development schedule, your request must be in writing and include the following information:

- A description of the efforts you have made to complete the project.
- A schedule for completing the project.
- Reasons why the project has not been completed.
- Any additional information that will assist us in evaluating your request for an extension.

I'm enclosing a publication titled, "*Frequently Asked Questions about Extensions for Water Right Permits and Change Authorization*" with instructions on requesting the extension. Please mail your check or money order with the appropriate forms to:

Department of Ecology
Cashiering Section
PO Box 47611
Olympia, WA 98504-7611

If you have completed this project and put the water to beneficial use:

- Please complete and submit the enclosed *Proof of Appropriation* form. Remember to have the form notarized and include the parcel number for the point of withdrawal/diversion. Send the completed form to:

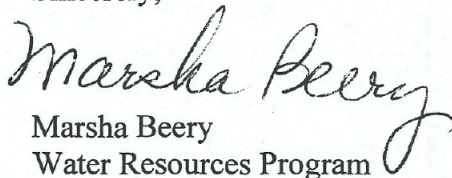

Department of Ecology
P.O. Box 47775
Olympia, WA 98504-7775

Once we receive the *Proof of Appropriation* form and confirm that all conditions of the permit have been met, a Certificate of Water Right will be issued which completes the water right process. I'm enclosing a publication titled, "*Frequently Asked Questions – Water Rights in Washington*" which discusses the process to obtain a water right.

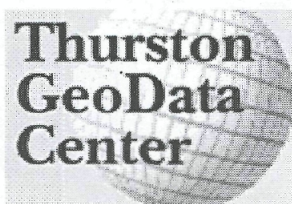

It is important that you respond within 30 days from the date of this letter to ensure that the permit remains in good standing. If you are no longer interested in pursuing the project, please contact this office within 30 days to let us know.

If you have any questions, please feel free to contact me at (360)407-6066 or by e-mail at mbee461@ecy.wa.gov.

Sincerely,

Marsha Beery

RE: Water Right Permit No. **S2-29296** (Summit Lake) – **OVERDUE NOTICE**

Dear Mr. Peters:

In reviewing your files, I noticed we have not received your Proof of Appropriation form. This letter is to remind you that the development schedule of your water right permit required that water be at beneficial use and the Proof of Appropriation form submitted by **September 1, 2006.**

There are a number of possible steps you may need to take in order to bring your permit back into good standing, depending on the status of your project. Please refer to the following chart:

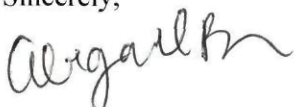

If this is the case:	You need to do this within thirty (30) days of the date of this letter:
You have put the water to full beneficial use.	Complete and submit the Proof of Appropriation form. The form must be <u>notarized</u> , and include the parcel number for the point of withdrawal/diversion. Please include evidence that shows you have installed an approved measuring device, as well as data that you have collected on this permit.
You need more time to put the water to beneficial use.	1. Submit a written request for an extension (refer to enclosed fact sheet for instructions). 2. Submit extension fee (\$50.00).
You no longer intend to develop your project.	Notify Ecology's Southwest Regional office in writing.
You need more information.	Contact our office at (360) 407-6300.

Failure to respond to this letter within 30 days may result in the cancellation of your permit.

If you have questions, please contact me at (360) 407-6918 or at abro461@ecy.wa.gov. Thank you for your attention to this matter.

Sincerely,

Abby Brown

June 1, 2005

Jacob Peters
1630 Summit Lake Shore Rd
Olympia WA 98502

Dear Mr. Peters:

Re: Water Right Permit No. **S2-29296**

In compliance with your request, you are hereby granted an extension of time until **September 1, 2006**, to put the water to full beneficial use and file a notice of such action under the above mentioned permit.

Please submit the following when the actual water has been put to full beneficial use:

- ° Proof of Appropriation form filled out and notarized
- ° \$21.00 check payable to the **Thurston** County Auditor's Office
- ° \$5.00 check payable to the Department of Ecology

Please send both checks to the Department of Ecology and we will forward the Auditor check along with your Certificate to the County Auditor's Office for recording. **Also, the County Auditor is requiring that we have the parcel number for your property added to your Certificate. Please provide the parcel number for the point of withdrawal/diversion and the place of use.**

If you do not expect to have the water put to full beneficial use by **September 1, 2006**, you should request further extensions, as needed. To request additional extensions, you will need to submit a letter explaining why an extension is needed, including how many more connections are proposed on this water system. You may extend for more than one year at a time at a rate of \$5.00 per year.

Your right to appeal

You have the right to appeal this Report of Examination to the Pollution Control Hearings Board. Pursuant to chapter 43.21B RCW, your appeal must be filed with the Pollution Control Hearings Board, and served on the Department of Ecology, within thirty (30) days of the date of your receipt of this document. To appeal this action or decision, your notice of appeal must contain a copy of the Ecology order, action or decision you are appealing.

Your appeal must be filed with:

The Pollution Control Hearings Board
4224 - 6th Avenue SE, Rowe Six, Bldg. 2
P.O. Box 40903
Lacey, Washington 98504-0903

Your appeal must also be served on:

The Department of Ecology
Appeals Coordinator
P.O. Box 47608
Olympia, Washington 98504-7608

In addition, please send a copy of your appeal to:
Department of Ecology
Southwest Regional Office, Water Resources

If you have any questions or concerns about any of this information, please call Tina Russell at (360) 407-6918 or Teresa Hanson at (360) 407-0270.

Sincerely,

Thomas Loranger

Dear Mr. Peters:

Re: Water Permit No. S2-29296

While checking the progress of your water rights, I noticed that you have not sent in the Proof of Appropriation Form.

If you are using the full amount of water shown on your permit, please fill out the enclosed Proof of Appropriation form, have it notarized, and return it to this office. The statutory recording fees are to be sent in as two separate remittances in the form of checks or money orders. Cash will NOT be accepted. Send both remittances to the Department of Ecology.

\$5.00 payable to the Department of Ecology
AND

\$21.00 payable to the **Thurston** County Auditor

Also, the County Auditor is requiring that we have the parcel number(s) for the point of withdrawal/diversion and the place of use if different. Please send those numbers to us with your recording fees.

By following the above instruction, your final water right will be prepared, sent to your County Auditor for recording, and then forwarded to you by your County Auditor.

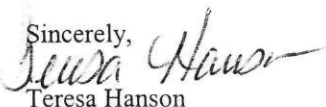

In addition, one of the provisions of the permit is that a metering device be installed and that meter readings be recorded at least **monthly**. Please include meter readings for a least the past year with the completed Proof of Appropriation form.

If more time is required to put the water to full use, you should request an extension of time in writing. By statute, a **\$5.00 fee per year must accompany such a request, together with a showing of good cause why your extension should be granted and a report of progress made during the last year**. The Proof of Appropriation for your water right permit was due on **September 1, 2004**, if an extension is needed, please send **\$5.00** payable to the Department of Ecology along with your request to extend your file until **September 1, 2005**.

If we do not hear from you within **thirty (30) days** from the date of this letter, we shall be forced to assume that you are no longer interested in retaining the permit, and action will be taken resulting in cancellation.

If you have any questions or concerns about any of this information, please contact Tina Russell at (360) 407-6918 or myself at (360) 407-0270.

Dear Mr. Peters:

RE: Water Permit No. S2-29296

We have received your Notice of Completion of Construction associated with the above-numbered permit.

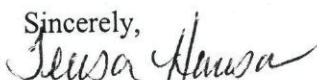

Enclosed is a Proof of Appropriation form, which is to be filed **when the water has been put to full beneficial use**. Full beneficial use means that water is being used in agreement with the terms of the permit. You may complete and file the Proof of Appropriation form for less water than authorized in the permit, if the project is complete and less water is being used than anticipated.

If you cannot put the water to full beneficial use by **September 1, 2004**, please contact the Department of Ecology. Permit cancellation may result for failing to timely file the Proof of Appropriation form.

The fees for filing and recording your Water Right Certificate are **\$5.00 payable to the Department of Ecology and \$20.00 payable to the Thurston County Auditor**. Send the Proof of Appropriation form and both checks to the Department of Ecology. Also, the County Auditor is **requiring** that we have the **parcel number** for the point of diversion/withdrawal and the place of use, added to your certificate. **Do not submit your fees and paperwork until you have put the water to full beneficial use**. If you do not expect to have the water put to full beneficial use by **September 1, 2004**, you should request further extensions, as needed. To request additional extensions, you will need to submit a letter explaining why an extension is needed, including how many more connections are proposed on this water system. You may extend for more than one year at a time at a rate of \$5.00 per year.

Olympia WA 98502

Dear Mr. Peters:

Re: Water Permit No. S2-29296

On **April 7, 2003**, you were sent a letter reminding you of the need to file a Notice of Beginning of Construction or request an extension of time to begin construction on your projects. We have not received a response to that letter.

Please complete the enclosed Notice of Beginning of Construction forms if you have started construction on the water systems. If you have not begun construction, you may request an extension of time. **The request must be in writing and contain the following if you can show good cause why your permit should not be cancelled.**

1. A description of efforts you have made since the permits were issued or the last extension was granted to start construction.
2. An anticipated time schedule for beginning construction and completing development of the water systems.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your projects that will assist us in making our decision of whether to grant the extension.
5. Check or money order for the **\$10.00** extension fee made payable to Department of Ecology. This would bring you current to **September 1, 2004**.

If we do not receive either the completed forms or the request for extension with the extension fee **within sixty (60) days from receipt of this letter**, your permits will be canceled with no further contact.

If you have any questions or concerns about any of this information, please call Sheri Carroll at (360) 407-0240 or myself at (360) 407-0270. Thank you for your attention to this matter.

Sincerely,

Teresa Hanson

Olympia WA 98502

Dear Mr. Peters:

Re: Water Permit No. S2-29296

The above referenced permit is currently in the Beginning of Construction stage of development. This letter is to remind you that the permit development schedule required that construction begin on the water system on or before **September 1, 2002**, and that you notify this office that construction had begun. Please complete the enclosed Notice of Beginning of Construction form and submit it to this office as soon as possible if you have begun construction on the water system.

If you have not begun construction and are still interested in developing your project, you may request an extension of time. Since state law requires that the project be pursued with diligence and that good cause be shown before an extension can be granted, **your extension request must be made in writing and contain the following:**

1. A description of efforts you have made to begin construction on the project since the permit was issued or the last extension was granted.
2. A time schedule for beginning the project and developing the system.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your projects that will assist us in making our decision of whether to grant the extensions.
5. Check or money order for the **\$5.00** extension fee made payable to the Department of Ecology. This would bring you current until **September 1, 2003**. Any payments of extension fees are non-refundable regardless whether the extension is granted.

Please submit the Notice of Beginning of Construction form or the request for an extension with the extension fee **within thirty (30) days** from the date of this letter. This office should be notified if you no longer intend to develop the project.

If you have any questions or concerns about any of this information, please call Sheri Carroll at (360) 407-0240 or myself at (360) 407-0270. Thank you for your attention to this matter.

Sincerely,

Teresa Hanson

STATE OF WASHINGTON
DEPARTMENT OF ECOLOGY

**INSTRUCTIONS FOR ASSIGNMENT OF APPLICATION OR PERMIT TO APPROPRIATE
OR STORE WATER**

**A NON-REFUNDABLE \$5.00 FEE MUST ACCOMPANY THE FILING OF THIS
ASSIGNMENT.**

MAKE CHECKS OR MONEY ORDERS PAYABLE TO THE DEPARTMENT OF ECOLOGY.

Introduction:

A water right application requests that a proposed beneficial water use be authorized, while a permit grants authority to develop a beneficial water use. A water right is established if water is put to beneficial water use(s) as authorized by a permit. A water right, once established, attaches to the land upon which it is legally used. It is not necessary to assign a water right certificate or a water right claim. It is required by statute that an assignment be filed for applications and permits (90.03.310 RCW).

To remain a viable application or permit, the person(s) owning it must maintain the ability to develop a water use(s) upon the property identified as the place of water use. Normally only the property owner, a lessee, or a legally recognized water system has authority to develop a water use upon a parcel of land.

An assignment of an application or permit is not valid until filed with the Department of Ecology. An assignment is made whenever it is desired to transfer all or part of the responsibility and/or interest in an application or a permit to appropriate or store water. Normally an assignment is made if the application/permit holder(s) sells the place water is to be used to another person.

The person(s) receiving the application/permit may be required to provide additional information prior to acceptance of the assignment. For example, information may be requested showing that the assignment is in compliance with the provisions of the Family Farm Water Act, Chapter 90.66 RCW.

Instructions: Complete the Assignment Form in ink.

Part 1. The name(s) of the holder of the application or permit must be identified. Secondly, the application/permit number given by the Department of Ecology must be identified. Identify the water source associated with the application/permit. The water source is the river stream, spring, well or other features from which water is obtained. Identify the name(s) of the person(s) being assigned the application or permit. Indicated whether the entire application/permit or only a portion is being assigned. If only a portion is being assigned, you must prepare an attachment fully describing what water quantities, purpose(s) of use, and acreage are being assigned. An attachment may be used to complete any information required by this form.

Part 2. Provide a reason why the assignment is being made. Understanding the purpose of the assignment will assist us in evaluating whether an assignment is appropriate and help us to provide advice to the new application/permit holder. For example, you could enter "sale of property" if that is the case.

Part 3. The place of use to be effected by the assignment must be identified. Providing the specific place of use information will eliminate errors that could be made in the administration of the application/permit.

Part 4. Indicate whether or not the assignment will have impact upon the timing of the development schedule as stated within the application/permit. If there will be any delay, include a statement proposing a new development schedule.

Part 5. The holder(s) of the application/permit and the person(s) to which it is being assigned must provide their signatures and addresses. The person(s) being assigned the application/permit must also provide a telephone number, if available. The addresses provided on the assignment form will be assumed to supercede any addresses already contained within the application/permit record. The formal place of contact will be considered the address and telephone number provided of the person(s) being assigned the application/permit upon acceptance of the assignment.

Notary Signature Block: The signature of the current holder of the application/permit must be notarized.

Dear Mr. Sawka:

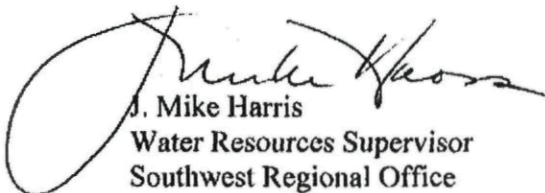

Re: Water Permit No. S2-29296

In compliance with your request, you are hereby granted an extension of time until **September 1, 2002**, in which you must begin construction and file notice of such action under the above permit.

This order may be appealed. Your appeal must be filed with the Pollution Control Hearings Board, PO Box 40903, Olympia, WA 98504-0903 within thirty (30) days of the date this Order was mailed by the Department of Ecology. At the same time a copy of your appeal must be sent to the Department of Ecology, c/o Appeal Coordinator, PO Box 47600, Olympia, WA 98504-7600. Your appeal alone will not stay the effectiveness of this order. Stay requests must be submitted in accordance with RCW 43.21B.320. These procedures are consistent with Chapter 43.21B RCW.

If you have any questions or concerns about any of this information, please call Tina Russell at (360) 407-6918 or Teresa Hanson at (360) 407-0270.

Sincerely,

J. Mike Harris

Dear Mr. Sawka:

Re: Water Permit No's. S2-29296 & S2-29297

On **May 15, 2000**, you were sent a letter reminding you of the need to file a Notice of Beginning of Construction or request an extension of time to begin construction on your projects. We have not received a response to that letter.

*Please complete the enclosed Notice of Beginning of Construction forms if you have started construction on the water systems. If you have not begun construction, you may request an extension of time. **The request must be in writing and contain the following if you can show good cause why your permit should not be cancelled.***

1. A description of efforts you have made since the permits were issued or the last extension was granted to start construction.
2. An anticipated time schedule for beginning construction and completing development of the water systems.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your projects that will assist us in making our decision of whether to grant the extension.
5. Check or money order for the **\$40.00** extension fee made payable to Department of Ecology. This would bring you current to **September 1, 2002**.

If we do not receive either the completed forms or the request for extension with the extension fee **within sixty (60) days from receipt of this letter**, your permits will be canceled with no further contact.

If you have any questions or concerns about any of this information, please call Sheri Carroll at (360) 407-0240 or myself at (360) 407-0290. Thank you for your attention to this matter.

Sincerely,

Deb Hunemuller

Olympia WA 98502-9437

Dear Mr. Sawka:

Re: Water Permit No's. S2-29296 & S2-29297

The above referenced permits are currently in the Beginning of Construction stage of development. This letter is to remind you that the permit development schedule required that construction begin on the water systems on or before **September 1, 1998**, and that you notify this office that construction had begun. Please complete the enclosed Notice of Beginning of Construction forms and submit it to this office as soon as possible if you have begun construction on the water systems.

If you have not begun construction and are still interested in developing your project, you may request an extension of time. Since state law requires that the project be pursued with diligence and that good cause be shown before an extension can be granted, your extension request must be made in writing and contain the following:

1. A description of efforts you have made to begin construction on the project since the permit issued or the last extension was granted.
2. A time schedule for beginning the project and developing the system.
3. Reason(s) for needing the extension.
4. Any additional remarks concerning your projects that will assist us in making our decision of whether to grant the extensions.
5. Check or money order for the **\$20.00** (at \$5.00 a year, this would bring you current until **September 1, 2000**) extension fee made payable to the Department of Ecology. Any payments of extension fees are non-refundable regardless whether the extension is granted.

Please submit the Notice of Beginning of Construction forms or the request for an extension with the extension fee within thirty (30) days from the date of this letter. This office should be notified if you no longer intend to develop the project. If you have any questions or concerns about any of this information, please call Sheri Carroll at (360) 407-0240 or myself at (360) 407-0290. Thank you for your attention to this matter.

Sincerely,

Dear Mr. Sawka:

Re: Surface Water Permit No. S2-29296

Enclosed is Permit No. S2-29296, together with a form for filing Notice of Beginning of Construction when the work is started. If you cannot start your project by September 1, 1998, you must contact this office.

This order may be appealed. Your appeal must be filed with the Pollution Control Hearings Board, PO Box 40903, Olympia, WA 98504-0903 within thirty (30) days of the date this decision was mailed. At the same time your appeal must be sent to the Department of Ecology c/o Enforcement Officer, PO Box 47600, Olympia, WA 98504-7600. Your appeal alone will not stay the effectiveness of the Order. These procedures are consistent with Chapter 43.21B RCW.

Please read the enclosed information sheet, as well as both sides of your permit.

Sincerely,

Gale Blomstrom
